RAILROAD COMMISSION OF TEXAS

JOHN SHARP JAMES E. (JIM) NUGENT KENT HANCE

November 22, 1989

The Honorable William P. Clements
Governor of Texas
Capitol Station
Austin, Texas 78711

Dear Governor Clements:

The Texas Legislature has charged the Railroad Commission with the responsibility of regulating gas utility and hazardous liquids pipeline companies in Texas. The Commission has original jurisdiction over rates, operations, and services of natural gas sales in unincorporated areas, in addition to appellate review of municipal action. The Commission also has original jurisdiction over intrastate natural gas and hazardous liquids pipeline systems for safety enforcement.

The division was reorganized and merged with the Transportation Division during November 1988. The new division, Transportation/Gas Utilities Division, was organized into two activities: Central Operations and Field Operations.

The Gas Utilities portion of the Transportation/Gas Utilities Division performs the day-to-day regulatory activities on behalf of the Commission where gas utilities are concerned. This portion of the division operated on a budget of $2,224,250 and averaged 75 employees. Of the 75 employees 12 handle transportation matters in addition to gas utility matters. In this Annual Report for fiscal year 1989, the Transportation/Gas Utilities Division presents all information as required by law, plus pertinent 1988 data obtained from gas utilities in Texas.

The Gas Utilities Audit Section is charged with in-house auditing of annual reports, quarterly tax reports, and other filings required of gas utilities by the Commission. There are approximately 291 gas utilities operating in Texas. In fiscal year 1989, 147 field audits were performed in the offices of gas utilities. The Audit Section also collects a gross receipts tax of one-fourth of one percent of a utility's gross taxable revenue. In fiscal year 1989, $13,840,570 was collected in gross receipts taxes.

1701 N. Congress P. O. Drawer 12967 Austin, Texas 78711-2967

The Pipeline Safety Section executed 1,807 safety evaluations on gas systems and 219 on hazardous liquids systems during fiscal year 1989. During these 2,026 safety evaluations, 14,543 violations were cited in various areas of noncompliance. These safety evaluations are performed on jurisdictional intrastate pipeline systems to assure that they are being operated according to state and federal rules and regulations. Of the funds required by this section 18.2 percent was funded through federal funds and amounted to $262,927.00.

The term "hazardous liquids" encompasses many different liquid products. Crude oil, gasoline, methanol, anhydrous ammonia, kerosene, isoprene, naptha, and liquefied petroleum gas including butane, ethylene, and propylene represent some of the many liquids transported by these hazardous liquids systems throughout the state. Gas systems on the other hand, include transmission, distribution, offshore, municipal, master meter, and compressor stations. A master metered system is a pipeline system for distributing gas within a definable area such as a mobile home park, housing project, or apartment complex. It is estimated that there are over 10,000 master metered systems in Texas.

In addition to routine safety evaluations, on-site accident investigations and special investigations are performed in an effort to preserve human life, prevent the destruction of property, and reduce the loss of natural resources. Through this effort, 80 accident investigations and 102 special investigations were conducted this fiscal year.

The Rate Section's technical examiners participate in hearings conducted by the legal staff concerning gas utility applications in which evidence is gathered and analyzed and recommendations of disposition are made to the Commission. In fiscal year 1989, 291 applications were received and 68 applications were completed. Of the applications completed, 88 percent were within the Commission's original jurisdiction and included rates for unincorporated areas immediately surrounding municipalities, called "environs," pipeline to pipeline rates, pipeline to industrial rates, city gate rates, and rural burnertip rates. Less than one percent of the cases involved appeals from city rate determinations and nearly 12 percent involved other types of cases including safety violations, audit exceptions, jurisdictional questions, abandonment, sale of property, and mergers. In addition to the above this section also monitors compliance with docket orders, and gas utilities' tariff filings.

The Reports and Curtailment Section gathers data from gas utilities subject to Commission regulation, conducts research, and publishes reports on matters of relevance to Commission responsibilities including the annual report. This section monitors the statewide curtailment program, and makes contact with master meter operators to ensure compliance with the master meter profit rule. This section also serves as a centralized micrographics facility.

Finally, the Public Assistance Section responded to 3,933 complaints and inquiries regarding gas utility matters from the general public during fiscal year 1989.

In accordance with TEX. REV. CIV. STAT. ANN. art 6061, (Vernon 1962), we hereby transmit the Gas Utilities Annual Report of the Transportation/Gas Utilities Division of the Railroad Commission of Texas for Fiscal Year 1989.

Respectfully submitted,

Kent Hance, Chairman

John Sharp, Commissioner

James E. (Jim) Nugent, Commissioner

Raymond A. Bennett
Director

The weighted average 10 Mcf bill for residential customers in the 25 cities listed above:

January 1981 - $36.57 January 1984 - $53.45 January 1987 - $47.95
January 1982 - $44.79 January 1985 - $53.45 January 1988 - $46.46
January 1983 - $54.96 January 1986 - $50.99 January 1989 - $48.61

The median 10 Mcf bill in January 1989 was $52.12 (Waco, Texas). The base rate increased in Beaumont, Galveston, Houston and Texarkana by approval of the city and decreased in Austin, Laredo and San Antonio. Base rates did not change in the remaining 18 cities. The net 10 Mcf gas bill increased in Abilene, Amarillo, Austin, Beaumont, Brownsville, Bryan, Corpus Christi, Dallas, Fort Worth, Houston, Lubbock, McAllen, Midland, Odessa, San Angelo, San Antonio, Sherman, Temple, Texarkana, Waco, and Wichita Falls and decreased in the remaining cities.

The above 25 cities have 1,778,616 residential customers which represent approximately 56% of the total residential customers in the state. (This information is based upon municipally-owned and investor-owned company reports.)

ALG - ARKLA, Inc.; ENG - Energas; ETX - Entex; LSG - Lone Star; MUN - Municipally-Owned; RGV - Rio Grande Valley; SUG - Southern Union.

Mean (for 25 cities)	2,162	2,122	2,110	-1.7	-2.4

*Degree-days measure the deviation from normal temperature by accumulating the difference between 65°F and the daily mean temperature. A mean temperature of 60° for one day would be five heating degree days. A greater number of heating degree-days than normal indicates colder weather. Less heating degree-days than normal indicate warmer weather. These figures are on a calendar year basis.

**Normal Heating Degree-Days are based on NOAA records. The above norms are based on the 30-year period from 1951-1980.

JIM KENNEDY
GAS SUPERINTENDENT
P O BOX 116
WHITE DEER TX 79097
806/883-4191

WINONA, TOWN OF
JAMES F. GRAY
MAYOR
BOX 97
WINONA TX 75792
214/877-3381

WOODVILLE, CITY OF
WALTON DAVIS
CITY SECRETARY
P.O. BOX 517
WOODVILLE TX 75979
409/283-2234

There are 87 municipally-owned systems. Five systems had not reported when this report was prepared: Anahuac, Kountze, Rising Star, Texas Western Municipal Gas Corp., and Whiteface.

The Cities of Bullard and Spur sold their systems to investor-owned utilities during 1988.

Southwest Texas Municipal Gas Corp. serves Alpine, Balmorhea, Brogata, Fort Davis, Marfa, Saragosa, and Toyahvale.

Texas Western Municipal Gas Corp. serves Lobo Rurals, Van Horn, and Wildhorse Rurals.

RAILROAD COMMISSION OF TEXAS
TRANSPORTATION/GAS UTILITIES DIVISION
HEADQUARTERS, REGIONAL, AND DISTRICT OFFICES

Headquarters:

*Net loss

Many gains are reported this year. The companies attribute this mainly to a carry-over of unbilled gas from the previous year.

As of December 31, 1988, there were 54 investor-owned gas distribution systems in Texas.

*This percentage represents a net gain. In most cases this was due to unbilled gas from 1988. However, Mitchell County Utility Co., attributes the large gain for the Westbrook environs during 1986 and 1987 to a difference in meter reading dates for incorporated and unincorporated customers. All percentages not asterisked represent a net loss.

The gas systems attribute the gains to mismeasurement and carry-over of unbilled gas from the previous year.

Municipally-owned systems are not regulated by the Railroad Commission except in the area of pipeline safety. There are 87 municipally-owned systems. Five systems had not reported when this report was prepared: Anahuac, Kountze, Rising Star, Texas Western Municipal Gas Corp., and Whiteface.

Southwest Texas Municipal Gas Corp. serves Alpine, Balmorhea, Brogado, Fort Davis, Marfa, Saragosa, and Toyahvale.

Texas Western Municipal Gas Corp. serves Lobo Rurals, Van Horn, and Wildhorse Rurals.

Municipally-owned systems are not regulated by the Railroad Commission except in the area of pipeline safety. There are 87 municipally-owned systems. Five systems had not reported when this report was prepared: Anahuac, Kountze, Rising Star, Texas Western Municipal Gas Corp., and Whiteface.

Southwest Texas Municipal Gas Corp. serves Alpine, Balmorhea, Brogado, Fort Davis, Marfa, Saragosa, and Toyahvale.

Texas Western Municipal Gas Corp. serves Lobo Rurals, Van Horn, and Wildhorse Rurals.

*Not classified as a gas utility, but did report industrial sales.

**Regulated by the Federal Energy Regulatory Commission. Colorado Interstate is also regulated by FERC, but is classified as a gas utility because it pays gross receipts tax.

***Texas Industrial Energy Company - negative amount represents a prior period adjustment.
